Congress of the European
Paediatric Academic Societies

28 – 31 October 2026
Lyon · France

Uniting paediatric professionals in advancing
child health through cutting-edge research,
education, and collaboration.
Let's make this vision a reality – together.

Welcome to CEPAS 2026 where we unite paediatric professionals in advancing child health through cutting-edge research, education, and collaboration.

For over 15 years, the European Academy of Paediatrics (EAP) and the European Society for Paediatric Research (ESPR) have been leading the way in paediatric research, education, and collaboration.

We are proud to announce the next step in this partnership: **CEPAS** – the evolution of the European Academy of Paediatric Societies Congress.

MORE INFORMATION ON
cepas.org

Join us at CEPAS 2026 and stay ahead in your profession:

- › **Discover the future of paediatric healthcare through cutting-edge research and innovation.**
- › **Stay informed on the latest scientific breakthroughs impacting paediatric medicine.**
- › **Expand your skills** with expert-led educational sessions and hands-on workshops.
- › **Showcase your achievements** in high-profile poster presentations and scientific sessions.
- › **Connect with fellow professionals and industry leaders** from around the world.
- › **Explore the latest technological advancements** in the industry exhibition.

Save the date, share your ideas, submit your abstracts, and contribute to the scientific programme –

CEPAS 2026 awaits you!
